CHAPERONES

There are occasions when patients need to be assessed by a doctor which may involve intimate examinations.

This Practice is committed to putting patients at ease whenever possible, and if you wish a chaperone to be present during your examination or if you would prefer to be examined by a health professional of the same gender as yourself, please let us know and we will do our best to comply with your wishes.

Trust is important in the relationship between GP and patient and we would, at all times, wish you to feel able to ask for a chaperone, should you require it.
